# CIRCUS ARMAGEDDON

ROBERTS - DOFANTASY.COM

And one morning, as humanity had been warned for many many years, it happened. It all came to an end.

No one remembers why. A mistake maybe, or a disagreement between Presidents, or a horrible malfunction in the computers. It doesn't matter.

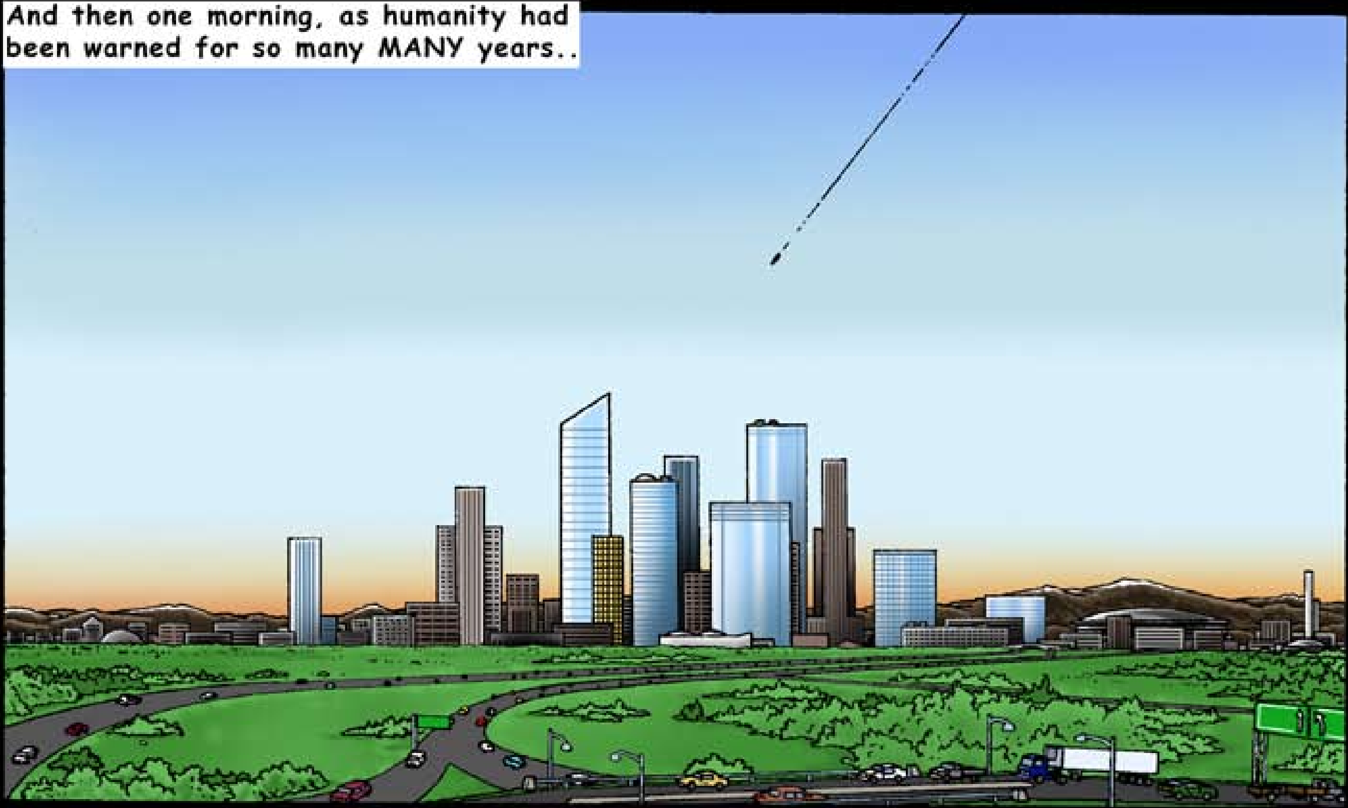

100,000 years of human civilization, gone in a global nuclear fireball. A 20 minute orgy of Hell and Death sent the whole world back into darkness.

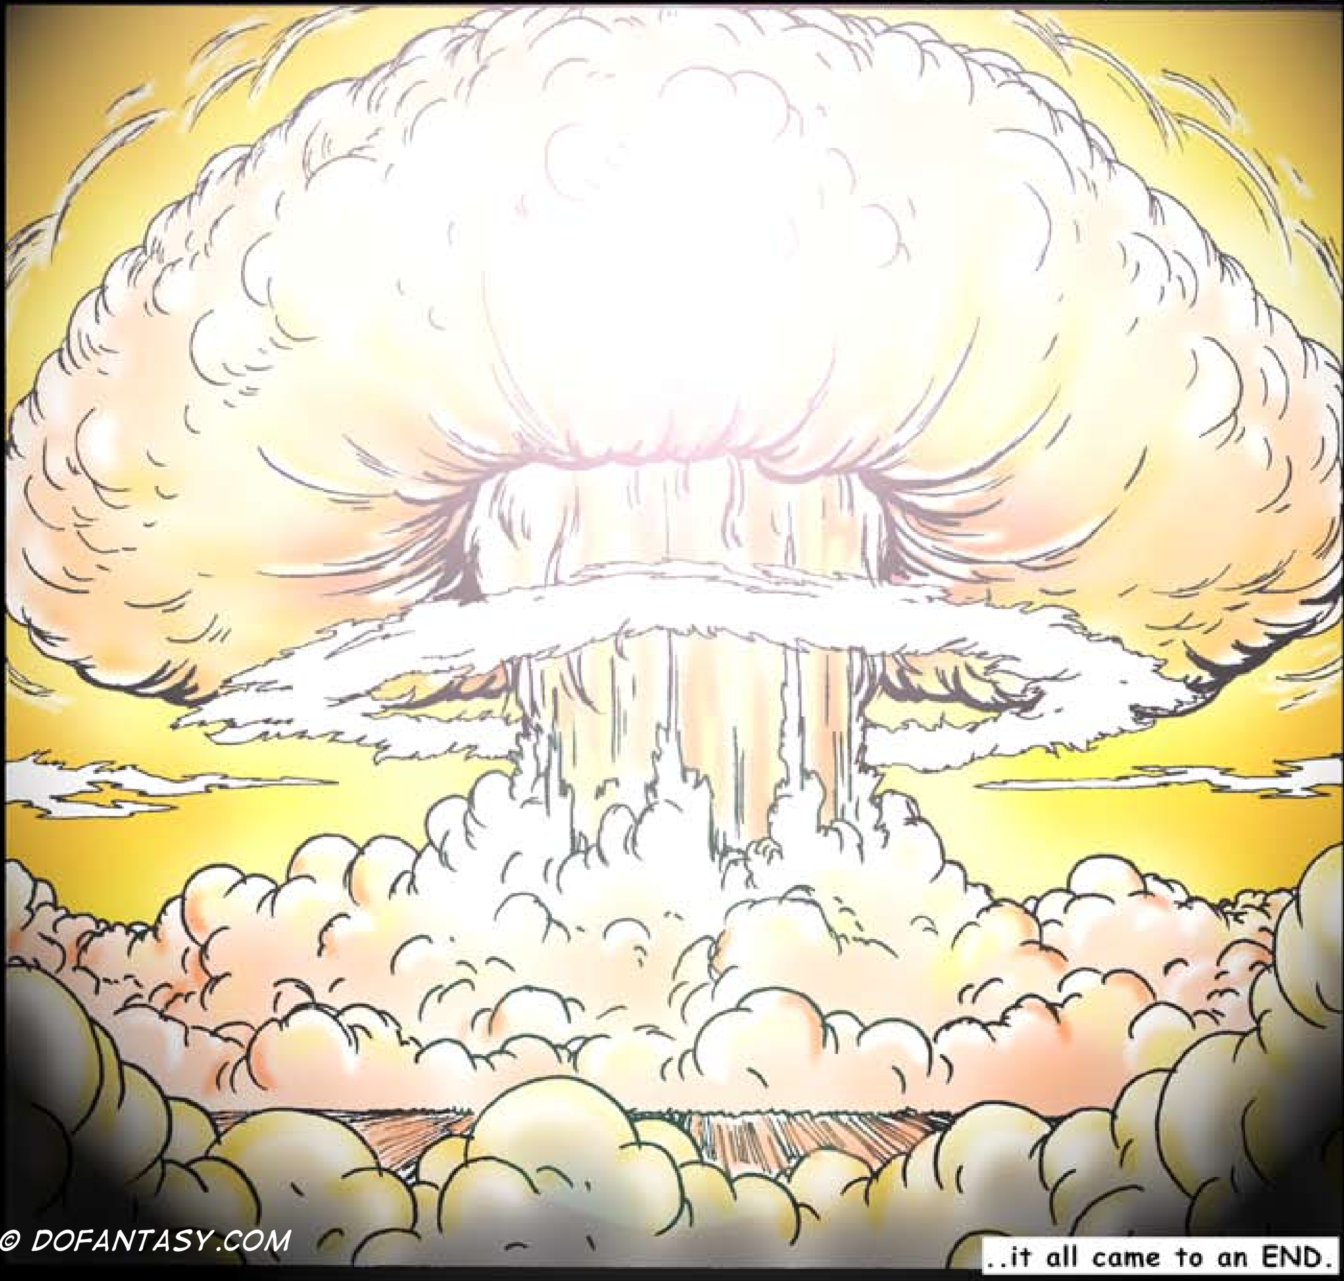

What survived of humanity, what remained of the once great civilizations of Earth, now lived as animals. Tribes. Half naked savages, thrown back to hunting and killing to eat. Some rejected all technology choosing to live out in the wild, close to Nature, and return to the pure ways of an ancient time. These were beautiful people, healthy gorgeous young women, civilized men, all living on the land without machines, or guns, or electronic gadgets, or corruption. Peacefully.

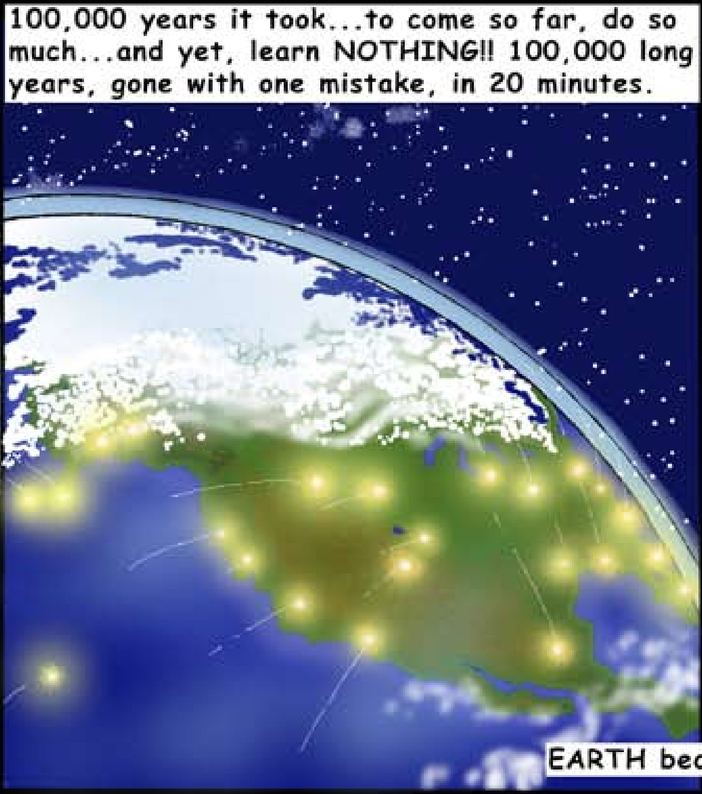

But others held onto their machines. Roving nomads of madmen reverted back to nightmarish post-apocalyptic savages. The motorbike and off-road truck became their horses, guns their only real tools… they live by attacking the peaceful tribes, stealing whatever they need. Food. Water. And SLAVES. They prey upon the pretty young girls of the tribes, taking them as slaves for their twisted whims… to serve in every way.

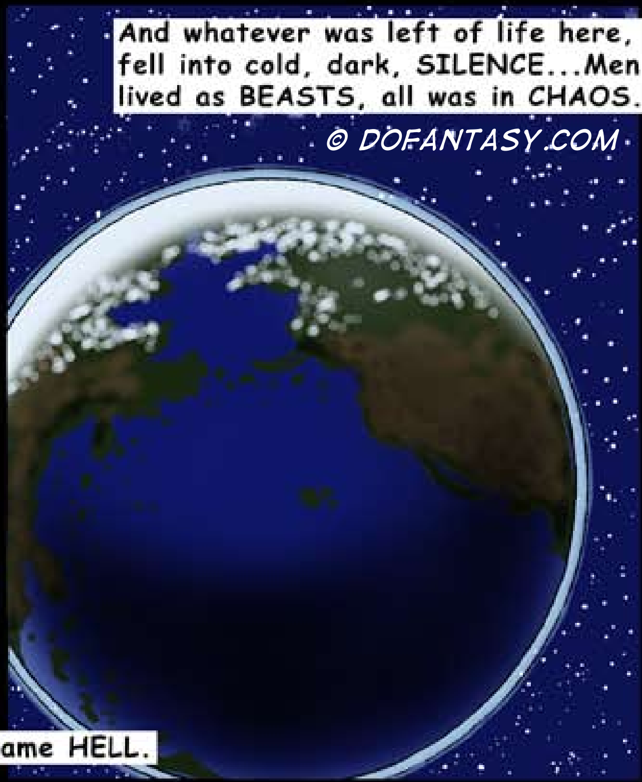

Among the ruins of a great city, these nomadic monsters have created a central slave market; a great hellish Circus of flesh and sex, of drugs and guns and helpless girls kept in bound naked slavery… kept alive simply to serve in huge bordellos and whore houses, to be bought and sold like cattle, and perform every mad drunken drug crazed perversion the mind could imagine. Once a great Market, a Shopping Mall, now it is the most feared and horrible place a young girl could imagine... Circus Armageddon.

Watch as we tell the story of two pretty young innocent virgins and their beautiful guardian Warrior, who unwisely stray too far from their village one day and fall victim to the horrible beasts. They're captured like animals, stripped naked and bound and forced to entertain their captors sickest desires before they are dragged off to be sold into an even worse Hell of bound sex and torture... to be sold like sex toys and made a show of for screaming mad drunken hordes of madmen… taken into the bowels of Hell itself, in Circus Armageddon!

And then one morning, as humanity had been warned for so many MANY years..

..it all came to an END.

What remained of HUMANITY regressed into TRIBES, surviving and living outside the ruins of once-great cities..Some, repulsed and horrified by what Technology had brought, lived without it altogether, chosing instead to return to the NATURAL, the PURE, the CLEAN, in a civilized PEACEFUL life. Without wheels. Or gasoline. Guns. Electricity. Or Corruption.
